Temporary Water Availability

CCWD is temporarily allowing occasional, large-quantity water users in the Murphys, Vallecito, and Angels Camp areas to receive truckloads of water while repairs are being made to their water systems. Commercial, agricultural, industrial, and public agency users who require more than 1,000 gallons per day can send trucks to a fill station located in the Forest Meadows area. A small charge will be imposed.

Contact Tina Torres at CCWD, Monday through Friday from 8 a.m. to 4 p.m. at 754-3543, extension 27, for more information.
