Boil Water Advisory August 4th, 2020

An 8” water line was damaged as part of CCWD’s Reach 1 Pipeline Replacement Project today August 4th, 2020. This failure resulted in the emergency isolation of the water main in order to make the repair. This failure effects customers from Hunter Dam Road along Highway 4 West to below Forest Meadows and the end of the District’s System. Customers Affected by the line break will be notified either by telephone or door tag to boil their water before consuming it until the repair can be made and the water is tested. The repair is expected to be completed by 5 pm today.

If you receive a recorded message from CCWD, please listen to the entire message for additional information. CCWD apologizes for any inconvenience and will work to remedy the situation as quickly as possible.
